Forward

Dear Students, Faculty, and Friends of our esteemed university, SNDT WU

It is with great pleasure that I announce the release of our highly anticipated catalogue, which highlights the incredible research and scholarship that our faculty members have conducted over the past century on gender and women's issues. As one of the oldest women's universities in the world, we have a long-standing commitment to advancing knowledge and understanding of the role of women in society, and this catalogue is a testament to our ongoing dedication to this important work.

The research contained within this catalogue is diverse and wide-ranging, covering topics such as women's health, education, labor, politics, and culture. The depth and breadth of this scholarship is a testament to the tireless efforts of our faculty members, who have dedicated their careers to advancing the cause of gender sensitization and promoting the well-being of women everywhere. Vision of Bharatratna Maharshi Dhondo Keshav Karve, founder of our university has been inspiration for the research in this subject.

As we reflect on the work contained within this catalogue, it is important to remember that gender issues of women in Bharat are unique. While we have made significant progress over the past century, there is still much work to be done to ensure that these issues are portrayed appropriately. It is our hope that this catalogue will inspire future generations of scholars to continue this important work and to build on the foundation laid by those who came before us.

I would like to extend my heartfelt congratulations to all of the faculty members whose work is featured in this catalogue. Your dedication and commitment to advancing knowledge and understanding of gender and women's issues is an inspiration to us all. I would also like to thank Dr. Jaswandi Wamburkar, Head of Department of History and the editors of this catalogue who have worked tirelessly to bring this catalogue to fruition.

Finally, I would like to express my sincere gratitude to the students and friends of our university who have supported us throughout the years. Your unwavering commitment to our mission has been instrumental in our success, and we look forward to continuing our work together in the years to come.

Sincerely, Prof. Ujwala Chakradeo, Vice Chancellor, SNDT Women's University.

Introduction

SNDT Women's University is one of the oldest universities in India. At the same time, it is unique in the sense that it is the first women's university in India and in South East Asia. Riding on the social reform in India, the university announced itself as a formidable force in shaping the contours of education for women in India. The university not only imparted education to the first generation of women who were getting higher education, but also framed the pathways of understanding gendered knowledge productions in India.

Right from its foundation in 1916, development of women oriented curriculum has remained the focal point of the university. The faculty and students of the university have always striven hard and contributed significant research in various fields. Being a part of a women's university, most of the faculty members have specialized in women-centred research. As an impact of the second wave feminism, gender emerged as a useful category of analysis in academics. The research with the gender perspective carried out in the university mostly has remained multi-dimensional and interdisciplinary. The gender research produced in the form of dissertations or doctoral thesis and also the research of the faculty in the university is a significant contribution to the domain of gender studies. We therefore felt the need to come up with a catalogue of gender research carried out in the last more than hundred years of the university. With the encouragement and support of the Honorable Vice Chancellor Prof. Ujwala Chakradeo, we initiated this task and now are in a position to present this Catalogue.

The current attempt is to locate the genealogy of gender studies in SNDT, thereby mapping the development of gender based research in the country. We hope this will serve as a living archive that could serve as a primary document in formulating ways in which Indian contexts produce/live gendered identities. We believe that the Catalogue will certainly keep inspiring all the faculty, researchers and students of the next generations.

- Dr. Jaswandi Wamburkar, Head and Associate Professor, Department of History, SNDT Women's University.

II

Acknowledgments

At the outset, I would like to thank Honorable Vice Chancellor Prof. Ujwala Chakradeo for inspiring and supporting us to create a Catalogue on Gender research in the university.

I am thankful to all the Heads, principals, directors, and faculty members for providing us data for this catalogue. Nonetheless, to create a catalogue of gender research of the University of more than hundred years was a challenging task. Though we received recent data from the departments, very few departments could provide us the old data. Many heads expressed their inability to give us very old data right from the inception of the respective departments or institutes, as the departments did not have it. At that juncture, I contacted Dr. Subhsh Chavan, Director of the Bharatratna Maharshi Karve Knowledge Resource Centre. He assigned Ms. Mukta Atkekar and Ms. Vandana More to give old data from the library catalogue. We received exhaustive list of all kinds of dissertations from them. We also received list of dissertations from Dr. Vrushali Rane and Dr. Vilas Jadhav from the Juhu and Pune campus libraries respectively. We are thankful to all the staff members for their assistance and timely help. Ms. Mukta assisted us even in editing some of the files. We are thankful to Dr. Meera Sawant who shared the photo of the beautiful painting of her student Ms. Namrata Sanas that is on the cover page of the catalogue.

My student and alumna of Department of History, Ms. Laxmi Rane, worked very hard to generate the lists of dissertations. I am thankful to her for all the help she offered. Creating list of books was also a difficult task. We prepared a list of retired teachers and used library catalogue to generate data of books. Laxmi and I had to literally burn the midnight oil to create this data. The data we received from the library was full of duplication and even multiplication. I thank all the committee members of Gender research - Dr. Subhash Patil, Dr. Rashmi Hasamnis, Dr. Madhavi Dharankar and Dr. Drupadi Chattopadhyay for providing all assistance for procuring the data and for editing it tirelessly and patiently.

Ms. Rohini Shelke and Ms. Kshitija Warang from PG office provided secretarial help in typing and editing. We are thankful to them.

-Dr. Jaswandi Wamburkar.

कुलगीत

"संस्कृता स्त्री पराशक्ति" स्वर हमारा है
विश्व है परिवार, भारत घर हमारा है।
हम नहीं हैं दीन, कहता कौन हम अबला
है सबल संस्कृति हमारी, हम सभी सबला
ज्योती से जगमग हुआ, अंतर हमारा है॥
स्वप्न ठाकरसी हुआ साकार है इसमें
महर्षि कर्वे तपस्या- सार है इसमें
हम दिशाएँ और यह दिनकर हमारा है॥
"संस्कृता स्त्री पराशक्ति" स्वर हमारा है
विश्व है परिवार, भारत घर हमारा है।
